Unlocking climate finance for locally-led action & COP26

A new report on **enhancing Caribbean civil society's access to climate finance and support for locally-led action** has been developed by CANARI, Climate Analytics, and the International Institute for Sustainable Development (IISD). This report, which highlights **key barriers and opportunities for civil society organisations (CSOs)**, will be launched on 3 November 2021 at a **COP26 virtual side event**.
