CANARI GAYAP

"Building our Caribbean together"

January 2022

[Subscribe](#)

CANARI launches its new Strategic Plan!

In our first issue of the year, we are pleased to share **CANARI's new Strategic Plan (2021-2030)** with you.

This Plan is a strategic roadmap for achieving CANARI's vision of **a transformative shift in the way the region approaches development, with all of society working together to bring about equity, wellbeing and resilience throughout the Caribbean.**

We look forward to working with you, our partners, to fulfil this vision.

Other Highlights

Caribbean Local Green-Blue Enterprises (LGEs)

In the October issue of CANARI Gayap, we shared with you a **StoryMap on Caribbean local green-blue enterprises (LGEs)**.

We now invite you to discover some of the **featured Caribbean LGEs** as they share about their work and encourage you to check out the StoryMap, if you have not done so yet.

Launch of community and ecosystem-based DRR projects

Civil society organisations (CSOs) in Antigua and Barbuda, Dominica and Grenada are rolling out **practical action projects focused on community-based and ecosystem-based disaster risk reduction**.

Implemented under the **CSOs for Disaster Resilience project**, these projects aim to help build local resilience in six high-risk communities.

Civil Society Organisation Capacity Assessment Survey

Are you a civil society organisation working on biodiversity conservation, climate change or building local resilience in the Caribbean?

We want to hear from you!

Take this online survey and tell us about your current capacity and needs.

[Take the capacity assessment survey](#)

Perception of Ecosystems and Ecosystem Services Survey

Calling all citizens, residents of, or visitors to Grenada!

Contribute to the Grenada National Ecosystem Assessment by filling out this **short survey on your Perception of Ecosystems and Ecosystem Services**.

The survey is NOT intended for Grenada NEA authors.

CEPF Call for Proposals 2

The second Phase II call for proposals in the Caribbean Islands Biodiversity Hotspot is now open.

We are accepting **letters of inquiry** for all CEPF-eligible sites and conservation corridors in Antigua & Barbuda, The Bahamas, the Dominican Republic, Jamaica, Saint Lucia and St Vincent & the Grenadines.
